

INHA UNIVERSITY

Office of the President

253 Yonghyun-Dong, Nam-Gu, Incheon 402-751, Rep. of KOREA

June 30, 2009

Dear Fellow Presidents of the GU8 Consortium,

I am pleased to be able to announce the results of the 2009 GU8 Mathematics Contest.

Since the Contest was first proposed at the 5th Council of Presidents held at RMIT University in September 2008, Inha University has enjoyed the pleasure of organizing the first competition this year thanks to your unwavering support and cooperation. I would like to take this opportunity to thank the Organizing Committee and local coordinators of all participating universities for their time and effort devoted to make this initiative an exceptional example of our collaboration and mutual progress under the umbrella of the GU8 Consortium.

In total, 259 talented students from 6 universities participated in the contest this year, and 33 winners were finally selected in a variety of award categories ranging from Grand Prix, Gold, Silver to Bronze prizes based on the scoring results by each university and the review process by the Organizing Committee at Inha University. The honor of the Grand Prix prize went to Xiamen University with the single cash prize of \$1,000. Let me congratulate all award winners and their teachers for their outstanding performance and continued desire to distinguish themselves in the academic arena.

You will find award certificates enclosed with letter. Please pass them on to your students as a simple testimonial of recognition and encouragement.

I also hope that the coordinating university for next year's competition will be decided soon in order to insure that this newly launched contest will continue to flourish for many years to come.

Sincerely yours,

Bon-Su Lee, Ph.D.

President

Inha University

2009 GU8 Math Contest

Working Organization

Institution	Coordinator	E-mail
Inha University (Senior Coordinating University)	Prof. Yong-Jin Song (Chair, Organizing Committee)	yjsong@inha.ac.kr
